CAREER OBJECTIVE

Talented Software Developer equipped with great coding, debugging and project management abilities. Accomplishes project goals consistently with elegant, scalable code. Work great with team members under agile and scrum frameworks.

EDUCATION

K. S. School of Engineering and Management

Dec 2021 - April 2025

B.E, Electronics and communication engineering

Relevant course work: Embedded and communications systems, web development.

TECHNICAL SKILLS

Frontend: HTML, CSS, Javascript, Flask Jinja2 Templates

Backend: Python, Flask Framework, React.js.

Database: MySQL, SQLAlchemy.

- Fluent in C, C++.
- Object oriented programming, code development,
- UI/UX, Software applications,
- Embedded systems development software,
- Microsoft tools,
- Web applications, Front-end development.

EXPERIENCE

SOFTWARE ENGINEER INTERN 01/2024 - current

PYGENICARC, Bengaluru, India

- Designed database structures to store data securely and efficiently.
- Created applications using HTML, CSS, JAVASCRIPT and other languages.
- Collaborated with team members to ensure successful project completion.

ACTIVITIES

- **Web Development Projects:** Developed various web projects using HTML, CSS and Javascript, including a food ordering website. These projects demonstrate skills in frontend development. UI/UX design, and responsive web design.
- **IOT-Based 2WD RC Car Project:** Engaged in an IOT project involving the design and implementation of a 2WD RC car using the ESP NOW protocol with a master slave method. This project highlights proficiency in IOT, microcontroller programming, and wireless communication protocols.
- **Learning and Exploring New Technologies:** Continuously learning about new technologies and frameworks in web development and IOT, staying updated with the latest trends and advancements in the field.

HONORS

- **Second Place, Web Development Competition:** Achieved 2nd place in a web development competition conducted during my internship. Collaborated with a team to design and develop an innovative web solution, demonstrating strong teamwork, technical skills and creativity.
 - **Best Student of the Internship.** In Web Development Competition recognized as the Best Student of the Internship in a web development competition conducted during my internship. Demonstrated exceptional skills, creativity, and dedication in designing and developing a web solution, leading to this prestigious recognition.
-

CERTIFICATES

Rajya Puraskar in Scouts and Guides: Awarded the Rajya Puraskar certificate. Recognized at the state level by the Governor of Karnataka. This achievement highlights leadership, teamwork, and community service skills developed through participation in the Scouts and Guides program.
